The following courses will be available during 2018 /2019 to staff and volunteers working within the Tees area, Statutory, Voluntary or Not for Profit Organisations and Commissioned Care Providers. This includes Nurseries, Academies and Independent Schools.

Teeswide Safeguarding All (Adults & Children) Self- Registration E-Learning Courses 2018 / 2019	
	Introduction to Safeguarding: Aimed at those who have occasional contact with children.
	Safeguarding Adults at Risk This training course is for anyone who encounters adults at risk of abuse in the community, in a person's own home, in a hospital, in a day care or residential setting. This includes formal and informal carers, volunteers, health and social care professionals.
	Awareness of Child Abuse and Neglect – Foundation: Aimed at those who have direct contact with children. This is a slightly shorter version of the Awareness of Child Abuse and Neglect - Core, and it is designed to be suitable for all, not just child specialists.
	Awareness of Child Abuse and Neglect – Core This course is suitable for everyone who works directly with children and young people, including frontline professionals. This course covers a variety of child protection and safeguarding children issues and is suitable for anyone who regularly comes into contact with children or who may be asked to contribute to the assessment of children in need. The course aims to inform about the various types of abuse and neglect that can happen to a child and then explain what you must do if you suspect a child is being abused or neglected. This course allows you to choose the legislation which applies to your country, should it be England, Wales, Scotland or Northern Ireland. *A section of this course looks into multi-agency cooperation focusing specifically at Police, Social Services, Social Housing, Healthcare, Education (Early Years, Primary, Secondary, Further or Higher), Prisons, Secure Units, Probation, Youth Justice Youth Groups Community Groups & Voluntary groups.*

	Teeswide Safeguarding All (Adults & Children) Self- Registration E-Learning Courses 2018 / 2019
	Awareness of Domestic Violence and Abuse Helps you to explain, describe and recognise the signs of domestic violence and neglect. It will also help you identify ways to supports victims, identify the 'dos and don'ts', recognise when it is appropriate to assist, know where and when to get help and be aware of best practice. This course is suitable for those working with children, young people and adults.
	Deprivation of Liberty Safeguards This module is aimed at everyone working in health and social care that makes decisions for people who may lack capacity and who require a knowledge of the Mental Capacity Act and, specifically, the issue of deprivation of liberty safeguards (often shortened to DOLS).
	Mental Capacity Act The Mental Capacity Act is intended to assist and support people who may lack capacity and to discourage anyone who is involved in caring for someone who lacks capacity from being overly restrictive or controlling. This course aims to help care workers look at how the Act will affect them and to help them to develop best practice to include in the new legislation.
	Trafficking, Exploitation and Modern Slavery This course is about understanding, combating and helping people who are being trafficked, exploited or used in modern slavery. It examines different types of exploitation, how individuals become victim to abuse and what actions professionals should take to recognise victims and help them. This course is suitable for those working with children, young people and adults.
	Understanding Pathways to Extremism and the Prevent Programme This course is aimed at all professionals who work in sectors where they come into contact with people who may be vulnerable to radicalisation, whether they are adults, children or young people. The aim of the course is to give you an awareness of the radicalisation process so you can feel confident about being proactive in taking a multi-agency approach to early intervention and support.

	Teeswide Safeguarding All (Adults & Children) Self- Registration E-Learning Courses 2018 / 2019
	Basic Awareness of Child and Adult Sexual Exploitation Once you have completed this module you will be better equipped to recognise sexual exploitation and react immediately and appropriately in order to safeguard children, young people and adults. You will understand the importance of multi-agency working and the safeguarding frameworks in place to manage concerns of sexual exploitation.
	A New Approach to Child Poverty This course will help explain what child poverty is and which disadvantages that are related to it. It will describe how it impacts on children, families and communities. On completion of the course you will be able to recognise signs and risk factors of child poverty and understand how to work together with other agencies and services to contribute to overcoming child poverty.
	Collaborative Working: A Whole Family Approach This course provides the learner with an understanding of the impact of whole family working and the key principles of whole family intervention.
	Hate Crime This module aims to raise awareness of hate crime and hate incidents and their true extent in our communities. Having completed this e-learning course, learners will have an increased understanding of hate crime and the impact these types of crime have on victims. Learners will also be provided with advice and guidance on how to recognise hate crime as well the appropriate actions to take when reporting hate crime
	An Introduction to FGM, Forced Marriage, Spirit Possession and Honour Based Violence Provides an understanding of Female Genital Mutilation, Honour Based Violence, Spirit Possession and Forced Marriage. These are the four main types of abuse that stem from culture related traditions and this course increases awareness of specific cultural and religious needs whilst providing the knowledge practitioners need to be confident when conversing with those from a different cultural background around the subjects.

Teeswide Safeguarding All (Adults & Children) **Self- Registration E-Learning Courses 2018 / 2019**	
	An Introduction to Health and Safety All businesses have a legal obligation to ensure that their employees are protected from harm in the workplace. This online Health and Safety course helps you to fulfil legal requirements for providing workplace training; it also promotes staff awareness that can lead to greater efficiency, lower insurance costs and a reduction in lost time
	An Introduction to Integrated Working (The Early Help Assessment / Lead Professional / Information Sharing) Since its introduction, integrated working has become the cornerstone of professionals' working practices; and coupled with the Early Help Assessment now provides a solid basis for delivering frontline services.
	Child Accident Prevention for Parents and Carers Accidents can happen anywhere in and around the home; there are potential hazards in every home, such as household chemicals, hot water, sharp objects and heights. Young children are not able to assess the risks all these hazards can present. The course will look at access to supplementary guidance, risk factors, preventative measures and treatments after accidents.
	Children's and Young People's Development in Health and Social Care Settings This Virtual College course aims to increase awareness of the prime concerns around children's and young people's development. It presents learners with an increased understanding of the expected pattern of development and details the factors that can influence development
	Common Core Skills and Knowledge This module is designed to be relevant for all staff, paid and voluntary, working with children and young people.
	Communication in Health and Social Care or Children's and Young People's Settings This course has been designed to provide learners with a basic understanding of what communication is, and how it can be used to support people who need help.

	Teeswide Safeguarding All (Adults & Children) Self- Registration E-Learning Courses 2018 / 2019
	Dementia Awareness This module aims to raise carers' understanding about the lived experience of a person with dementia, looking at the person first and then exploring simple techniques to help keep the person with dementia independent for longer
	Dignity in Care 'Dignity' can be a difficult term to define. This is because dignity means different things to different people and can cover a wide range of topics. We believe that dignity is about ensuring that people in care are treated with dignity and respect in adult social care whatever the setting. On completion of this course learners will: understand how the people we support might feel when not treated with dignity and respect; know what constitutes best practice; understand why inappropriate staff attitudes must be challenged; and ensure all staff working in adult social care employ best practice.
	Duty of Care in Health, Social Care or Children's and Young People's Settings It is vital that those working within health, social care or children and young people's settings not only understand what it means to have a duty of care in their work role but also how to effectively implement duty of care in everything they do.
	Early Child Development – Foundation This course provides learners with an increased awareness of child development issues and highlights the factors that affect the individual pathway along which each child develops.
	Equality and Inclusion in Health, Social Care or Children's and Young People's Settings This module has been designed to provide learners with the knowledge and skills required to promote and implement equality and inclusion.

	E-Safety – Guidance for Practitioners Safeguarding risks are associated with the internet and other forms of modern technology. This course helps you understand the different ways children and young people use technology and how this can make them vulnerable.
	Falls and Fracture Prevention in Older People The incidence of older people falling is much higher than within any other sector of the public. One third of older people are classified as recurrent fallers, meaning a fall suffered by an older person may not be a one off event. This in depth course covers a range of topic areas that will ensure that you can assess and identify when an older person may be at greater risk of a fall and the methods that can be implemented to reduce this risk
	Hidden Harm When it comes to drug and alcohol misuse in adults focus is often on the parent. This course aims to emphasis the effects on children and young people, raises awareness and helps spot signs and identify appropriate windows to help break the cycle and safeguarding the child
	Information Sharing This course aims to change the perception that information sharing and data security are complex issues by simplifying and clarifying the processes so that the learner feels more confident in understanding what they can share, when they can share it and with whom.
	Introduction to Telecare and Telehealth Telehealth is the delivery of healthcare-related services and information via telecommunication technologies. It supports independent living by providing healthcare services from a distance (e-health). This course is accredited by the Royal College of Nursing and, on completion, learners will; have a knowledge of telehealth and its functionalities; have a more focused understanding of how these initiatives may influence the ways in which they work; and understand the key drivers of the development and implementation of telecare and telehealth, including achieving more effective and higher-quality care.
	Medication Awareness This course aims to provide learners with the knowledge required to support the use of medication in health and social care settings. It provides information on the different types, classifications and forms of medication, as well as providing guidance on safe storage and disposal.

	Teeswide Safeguarding All (Adults & Children) **Self- Registration E-Learning Courses 2018 / 2019**
	Moving and Handling Objects and People Moving patients is one of the most important skills needed in an NHS or care environment. It is important to move patients carefully to avoid any injury. This moving and handling course provides learners with the knowledge they need in order to reduce the change of causing any injury whilst moving loads in their environment.
	Parental Mental Health This course raises awareness of the main issues surrounding mental health in parents and focuses on how this can impact children and young people. It increases understanding of the causes and symptoms of mental health and knowledge of how to advise and support parents, children and young people.
	Person Centred Approach in Adult and Social Care Settings Person centred planning is crucial to providing quality care and support. It helps professional care and support workers find out what is important to the person they support and enables services to be built around what matters most to that individual. This module has been designed to provide learners with the knowledge and skills required to promote and implement person-centred approaches in adult social care settings. On completion learners will have an increased understanding of person-centred approaches including the importance of consent and the role of risk assessment.
	Personal Development in Health, Social Care or Children's and Young People's Settings This course has been designed for health and social care workers operating in a wide variety of health and social care settings.
	Risk Assessment – Understanding Risk Assessment When Working with Children, Young People and Families The aim of this course is to help practitioners from all agencies develop an understanding of theories of risk assessment and become competent and confident in applying then when working with children, young people and their families.
	Safeguarding Children Refresher It is a statutory requirement for anyone who works with children to update their knowledge of legislation and guidance in order to maintain the ability to act on any concerns that reflect the welfare of children and young people. This training should be undertaken every three years.

Teeswide Safeguarding All (Adults & Children) **Self- Registration E-Learning Courses 2018 / 2019**	
	Safeguarding and Leadership This course is intended for operational managers at all levels, including supervisors, frontline managers, managers of child protection units and those involved in the specification, commission and monitoring and / or provision of services to children, young people and their families. It provides an understanding of what is required to ensure that appropriate safeguarding training, monitoring and leadership is embedded through all organisations.
	Safeguarding Children and Young People from Abuse by Sexual Exploitation Increases awareness of the main issues in the sexual exploitation of children and young people and raises awareness of the legislation and guidance that applies to vulnerable groups and how these policies can be applied in practice. Aimed at anyone who comes into contact with children and young people during the course of their work.
	Safeguarding Everyone – Protecting Children, Young People and Adults at Risk Anyone who works within health and social care understands how important it is to always ensure the safety and security of those in their care. This course provides the knowledge required to recognise the signs of abuse and an understanding of how to respond appropriately to suspected or alleged abuse.
	Safer Recruitment Any employer or volunteer co-ordinator is responsible for ensuring that staff and volunteers are recruited safely to work with children and young people. This course covers knowledge required by anyone recruiting so that best practice and legal safer recruitment requirements are met
	Safe Sleeping for Babies – Reducing the risk of SIDS This course promotes and supports key safe baby sleeping messages, raising the awareness of parents, family members or other people who come into contact with families.
	Safer Working Practices This e-learning course has been produced to help staff establish the safest possible learning and working environments.

Teeswide Safeguarding All (Adults & Children) Self- Registration E-Learning Courses 2018 / 2019	
	Self-care Self-care includes self-care and self-management. Self-care: individuals taking responsibility for their own health and wellbeing. Self-management: individuals making the most of their lives and coping with difficulties. This modules looks at the 4 elements of supporting self-care: skills, tools, advice and networks (STAN). On completion, learners will have a broad knowledge of what self-care is, have a basic knowledge of the seven common score principles and be able to offer examples of how each of the STAN elements can support self-care.
	Self-harm and Suicidal Thought in Children and Young People This course aims to educate learners about the warning signs, risk factors and actions to take should they suspect a child or young people is self-harming or having suicidal thoughts.
	Short Breaks for Disabled Children The courses provide delegates with knowledge and skills in a range of topics from introducing disabilities, managing challenging behaviour, communicating with disabled children.
	Strategic Managers in Integrated Working The focus of this course is the integrated working between these people, why it is important, who it can affect and the most effective way to achieve this through the use of three main components. Common Assessment Framework (CAF), Information Sharing and Lead Professional.
	Supervision and Appraisal in Early Years Settings This course provides advice and guidance that will help you make a smooth and fulfilling transition to a supervisory role and help to ensure that you enjoy a positive professional working relationship with your work colleagues

	Teeswide Safeguarding All (Adults & Children) Self- Registration E-Learning Courses 2018 / 2019
	The Management of Urinary Catheterisation for Adults Having completed this e-learning course, learners will understand what the Management of Urinary Catheterisation for Adults involves and they should also be able to apply the principles learnt in this course into practice.
	The Role of the Health and Social Care Worker This course aims to provide learners with an increased understanding of the nature of working relationships within health and social care, as well as raise awareness of the importance of working in ways that are agreed with the employer and working in partnerships with others.
	Tissue Viability Pressure ulcers can be extremely painful, difficult to treat and in some extreme cases even life threatening. As a result, this module has been designed to provide learners with an increased an awareness of the causes and contributing factors of skin pressure damage, referred to as ulcers. This module provides learners with an increased understanding of the regulatory requirements relating to tissue viability, as well as information on appropriate wound care.
	Working with Children with Disabilities This course aims to raise awareness of specific needs of these disabled children in relation to their vulnerability and communication. The course contains an overview of the national and local agenda in relation to children with disabilities, basic knowledge of the range of protection needs of disabled children and information on how you can enable them to communicate about their experiences and provide support.
	Safeguarding in Education By the end of the course you should be able to recognise the legislation and guidance that governs safeguarding children in education and recognise the signs of abuse and neglect. You should be able to identify safe working practices in education settings, identify what to do if you have concerns about children and recognise the importance of early intervention.
	Working with Adults who Self Neglect Self-neglect is difficult to detect due to its multi-dimensional character; it is a complex combination of physical, mental, psychological, social and environmental causes. This course helps the learner to understand how to recognise the signs and the different manifestations of self-neglect.
